90 cm induction top electric double oven
Professional Series

£ 4,899

PRO95I2EBIT

The double-oven range cooker give great versatility and style to your kitchen. The main oven electric oven has 11 functions, from convection, baking and grilling to warming and features a digital programmer that allows a perfect control of cooking: it displays the oven functions selected, manages time during cooking and gives feedback onreal-time temperature. The useful auxiliary oven has six modes. Triple-glass doors minimise heat loss.

The hob has an induction top with five heating zones, including booster feature, pot detection, residual heat indicator for each zone and two flex zones.

Matching range hood and backsplash available.

Colours shown will vary depending on your screen settings and resolution. Contact your dealer for further advice.
