

45 cm Built-in Coffee Machine, TFT display Modern Series

£ 2.499

CM45MOD2WTB

A perfect blend of technology and design, our new coffee machine is designed to deliver a superior experience right in your home. With 13 available beverages, you can choose from a bold Espresso, a well-balanced Americano, or specialties like Cappuccino, Caffè Doppio, and Espresso Macchiato—perfectly catering to every preference.

The versatile dual coffee system supports both coffee beans and ground coffee, ensuring maximum flexibility in preparation. Thanks to the cup-warming function, every beverage is served at the ideal temperature, enhancing its rich aromas.

For milk-based drink lovers, the professional-grade milk frother creates a dense, creamy foam—ideal for barista-quality cappuccinos. And for those who prefer a different kind of break, the dedicated hot water dispenser allows for effortless preparation of tea, infusions, and other hot beverages.

The elegant 4.3" full-touch TFT display offers an intuitive interface with crisp graphics and responsive controls, ensuring quick and precise selection. All of this is wrapped in a refined black glass finish, perfectly complementing the most modern kitchens.
