

80 cm induction hob with integrated hood Modern Series

£ 2,699

P804ICH2M37NT

This 80 cm induction hob with integrated hood is equipped with 4 cooking zones. Each area has 9 power levels to which a booster is added. A practical multislider, one for each zone, allows you to easily set the cooking parameters. The Multizone function combines two cooking zones to create a single larger zone, allowing the use of large pots.

The integrated hood, available in suction or filtering mode, has 5 speed selections and automatic control and is 100% safe against water leaks. The carbon filters can be regenerated in the oven for long-lasting use. Once the hood is switched on, the Automatic operation function will automatically adjust the speed of the hood based on the power used during cooking.

For a filter mode installation, one of the special accessory kits needs to be purchased separately.

Specifications

Features

Worktop

Controls	multiple slider
Size	80 cm
Number of induction zones	4
Worktop type	induction
Worktop design	ceramic glass bevelled
Worktop controls	touch controls
Keep warm function	yes
Power levels	9 + booster
Timer	yes
Pause	yes
Safety induction cooktop	child lock / residual heat indicator / automatic switch off / pot detection / overflow security

Cooking zones

Induction front left	2100 W (booster 3700 W)
Induction back left	2100 W (booster 3700 W)
Induction front right	2100 W (booster 3700 W)
Induction back right	2100 W (booster 3700 W)

Hood

Hood type	integrated
Speed	10
Output air extraction (m ³ /h)	640
Hood special functions	filter saturation alarm
Sound level maximum speed (dbA)	66 dbA
Energy class	A+

Technical specifications

Absorbed current (A)	32
Power Limitation (kW)	power limitation
Voltage and frequency	220/240 V - 50/60 Hz

Absorbed power (W) 7400 W
