

90 cm induction hob with integrated hood Modern Series

£ 2,799

P904IBH2M30NT

This 90 cm induction hob with integrated hood is equipped with 4 cooking zones. Each area has 9 power levels to which a booster is added. A practical touch display allows you to easily set the cooking parameters. The bridge function combines two cooking zones to create a single larger zone, allowing the use of large pots.

The integrated hood, available in suction or filtering mode, has 6 speed selections and automatic control and is 100% safe against water leaks. The aluminum filters can be regenerated in the oven for long-lasting use. A+++ Energy rating.

For a filter mode installation, one of the special accessory kits needs to be purchased separately.
